Technical data

Basis	A composite nonwoven fabric		
Waterproof	Blood does not leak and the wound does not become wet. You can wash hands normally or work with wet hands.		
Stretchable	Stops excessive bleeding as a compress. It holds firmly when the joint is moved, does not interfere with work.		
Adhesive-free	Does not stick to the wound or to hair, but only to itself. No adhesive residue on your fingers. The dressing is very popular with children because it can be removed painlessly by rolling.		
Colour	beige/blue		
Storage	not above +25° C, dry		
Contents/Packaging	2 rolls 25 mm à 4,5 m (in a Smartbox)	12 pcs/box	3150 pcs/palett
